EDUCATION

University of La Verne,
College of Law, J.D.,
2009

BARS

State Bar of California,
2009

Prior to joining the Firm, Mr. McManigal spent five years as a City Planner, followed by twelve years as a key manager with one of the nations leading waste management companies. Throughout his career, Mr. McManigal has been involved in leading controversial and high profile projects and operational compliance with federal waste management regulations, including monitoring and reporting programs. While in the Waste Management Industry, Mr. McManigal was involved in mergers and acquisitions, permitting, construction and start-up of a waste-to-energy facility, in addition to leading operations across several states. With his extensive experience in local and regional planning, business management, regulatory compliance and construction management, Mr. McManigal is uniquely suited to assist Clients in all aspects of business and development activities to successfully bring their projects to completion.
